

Reduce the cost of your investment

A leasing solution for your digital investment projects which preserves your cash reserves for core business needs. This simple form of financing also allows you to improve your administrative productivity and consequently to realise cost savings.

Tailored to suit you

- You decide the timing of your lease payments and the duration of your contract.
- You have complete freedom to decide what, when and where you buy. Econocom operates independently of manufacturers, suppliers and banks.
- You can spread your costs evenly over a number of years, without having to deal with investment peaks.

Simplified administrative procedures

- You no longer need to keep financial records for the purpose of depreciating your digital assets.
- You receive, approve and pay only one single invoice to cover operating costs.
- Econocom checks and pays your supplier invoices following receipt of your approval.

Process optimisation at the end of the lifecycle

- Econocom, not you, bears the risk of obsolescence.
- At the end of the lifecycle, Econocom arranges the logistics services for the collection of your assets.
- All recycling processes take place in accordance with the WEEE European directive and data is removed from your systems* in compliance with FAST and DP Act.

YOUR BENEFITS

- 1 **Cash preservation** for your core activities
- 2 **Off balance sheet financing**
- 3 **Simplification** of your administrative and logistics processes
- 4 **No investment peaks**, but equal distribution of costs
- 5 **Tax efficient rentals***

* Relevant to the UK and Ireland market.
